

WITHDRAWAL OF JAP TROOPS IN SIBERIA BEING CONSIDERED

(Republican A. P. Leased Wire)
WASHINGTON, Dec. 11.—A "gentlemen's agreement" concerning the withdrawal of Japanese troops from Siberia is being considered by the Japanese government. It is believed that the Japanese delegation may soon announce this declaration to the arms conference.

As now conceived, the declaration will embody Japan's word "a gentleman" that the Japanese army of occupation in Siberia will be withdrawn when conditions make it possible as soon as Japan can secure some "reasonable guarantees" that lives and property of Japanese residents will be safeguarded and that some protection will be afforded in the Siberian districts adjacent to Korea.

It is intimated that Japanese believe such a declaration would "clear the air" as to the Siberian situation, and while it is not a final agreement, it would place Japan on her honor to evacuate the country as early as possible.

Japanese entered Vladivostok in 1919 following a suggestion from the American government that the two countries unite in dispatching an expeditionary force to permit proper evacuation of the Czechoslovak troops who had been fighting with such success in the interior.

Maintenance of the Japanese troops in Siberia has caused a strong movement in Japan against their remaining so long a time.

The Japanese government has been negotiating with representatives of the Far Eastern republic of China seeking to arrange a trade agreement opening the country, but the negotiations have not succeeded.

NAVY INVESTIGATES REPAIRS ON SEAMING OF GUM-YAP CABLE

(Republican A. P. Leased Wire)
SAN FRANCISCO, Dec. 11.—Disclosure that the Gum-Yap cable had been sealed at some time within the past three days by some persons unknown was made in a statement issued tonight by the Postal Telegraph and Cable company, owners of the line.

The statement said investigation was being made through the company's New York office, but that only three agencies—the navy department, the Japanese government, or the cable company—could have sealed the cable. It was not known, the statement said, at exactly what point the cable was sealed.

Navy officials here would not comment on the matter officially but from an unofficial source came a report that an order had been sent yesterday to Captain Ivan Wettenhill, governor of Guam, to investigate the reported sealing and report to the state and navy departments.

The idea prevailed tonight that Tokyo did not regard the arrangement as to strength of naval bases and fortifications in the western Pacific as completed and that further conversations on this point, as well as on the question of the retention of the Matsuyama base, were necessary.

Meantime, the Japanese government here are talking of the possible termination of the conference before the end of the year. The consensus of opinion in that quarter was said to be that the successful conclusion of the quadruple treaty concerning the Pacific will soon be followed by an equally definite and harmonious agreement as to naval limitations.

Report American Brass Is Sold To Anaconda Copper

(Republican A. P. Leased Wire)
WATERBURY, Conn., Dec. 11.—Purchase of the American Brass Company by the Anaconda Copper Mining Company of Anaconda, Mont., has been definitely proposed, it is learned from authoritative sources here tonight.

The offer of the Anaconda company will be submitted to the stockholders, Charles E. Brook, chairman of the board of the American Brass company has decided.

The proposition as outlined is for the Anaconda company to buy all of the American Brass stock for a majority of it and to give in exchange \$150 in cash and three shares of Anaconda stock (par value \$50) for one share of American Brass stock (par value \$100).

Mr. Brook, who decided to recommend the proposition to the stockholders, it was learned, if it is accepted it is understood there will be no change in the management or personnel.

The American Brass company has an authorized capital of \$2,000,000 of which \$1,000,000 is outstanding. The Anaconda Copper Mining Company has a capital of \$150,000,000 of which \$116,562,500 is outstanding.

GOLDMAN HOLDS TO ANARCHIST OPINION OUTLINES AMERICA

(Republican A. P. Leased Wire)
RIGA, Dec. 11.—Emma Goldman and Alexander Berkman, whose names in Riga became known yesterday, today told the Associated Press correspondent they were "not going to America immediately," but hoped to travel in Europe soon.

Goldman declared she still loved America because it was her country, but she had not changed her opinions. They said they hoped ultimately to reach the United States and fight in the supreme court to establish their American citizenship.

They were both deported to Russia from the United States in the winter of 1919. "I am not returning to the United States as a prodigal daughter," she said, "but as a woman who has only served to convince me that I have always been right and that anarchy is the only way."

Miss Goldman said she still loved America. She said she was making no comparison between Russia and America, but she announced emphatically she was "not going back to Russia." When she was asked why, her only answer was, "Because America is my country."

She declined to reveal her immediate destination, but it was understood she hoped to go to Berlin. She appeared thin and weary aged. Goldman was surprised at the discovery of her whereabouts and she jumped like a startled deer when the correspondent tapped on her door and addressed her in English.

She indicated she had no hope of being permitted to return to America for a long time.

Irish Americans Oppose Scrapping U. S. Battleships

(Republican A. P. Leased Wire)
NEW YORK, Dec. 11.—Unwavering support of Irish Americans who demand complete political divorce of Ireland from the British empire was pledged today by the national convention of the Friends of Irish Freedom.

The pledge constituted one of several clauses in a "declaration of principles" subscribed to by the organization before adjournment of the convention. Another clause denounced the proposed settlement through the setting up of an Irish free state, while a third condemned as a "betrayal of American principles," the proposed four-power treaty.

The senate was called on to refuse to ratify the treaty on the ground that ratification would involve abandonment of Washington's policy of no standing alliances; abandonment of the Monroe doctrine; seizure from congress of its sole right to declare war and the guarantee of the territorial integrity of imperialistic nations.

"As sincere advocates of peace," the declaration said, "we favor universal disarmament, but we condemn as dangerous to our security the plan ascribed to and submitted by Secretary Hughes to scrap a great portion of the American navy."

It would thus concede to Great Britain undisputed control of the seas at the very moment when naval supremacy was about to pass to the United States.

One of the principles stated that the political actions of American citizens of Irish blood were influenced solely by American considerations, adding: "We resent the sinister purpose of England in bringing to a so-called settlement her relations with Ireland at the precise moment when the armament conference reached the critical stage."

Mayor J. P. Grace of Charleston, S. C., was cheered when he said that before this country entered the war his sympathies had been with Germany.

Government Forces Reported Defeated By Peruvian Rebels

(Republican A. P. Leased Wire)
BUENOS AIRES, Dec. 11.—A report of revolutionary troops operating in Eastern Peru defeated the government forces in a battle Monday is contained in a wireless published by La Nacion.

WASHINGTON, Dec. 11.—Official dispatches from Peru have made no mention of a clash between revolutionary troops and government forces, Ambassador Potez of Peru said today. Reports of a similar nature, he said had been brought to his attention recently, but had proved to be greatly exaggerated.

ACCUSE STILLMAID OF BRIBING WITNESSES TO TESTIFY FALSELY

(Republican A. P. Leased Wire)
POUGHKEEPSIE, N. Y., Dec. 11.—Accusations that the Canadian who had been bribed to testify against Mrs. Anne U. Stillman, and that agents for James A. Stillman attempted to corrupt 11 others into giving false testimony opened a fresh counter attack yesterday upon the banker in his divorce suit.

The charges were made in open court before Supreme Justice Moore, when J. F. Brennan, chief of Mrs. Stillman's counsel, and John E. Mack, guardian ad litem for her three-year-old son, Guy, whose legitimacy the banker impugned, Mr. Brennan presented an affidavit signed by himself, outlining the allegations and explaining that they would be borne out by the testimony of witnesses to be called at Montreal beginning Jan. 11.

The testimony in connection with which the charges were made was that Mrs. Stillman violated her marriage vow in her conduct with Fred Buvelas, Indian guide accused by the banker of being the father of Guy.

Mr. Brennan's affidavit named several witnesses who he said would be called to testify that agents of Mr. Stillman attempted to bribe them in 1919 about the time the banker instituted the divorce suit.

The affidavit named Joseph and Ferdinand Page, both of LaSalle, Quebec, as the two who were bribed before testifying against Mrs. Stillman.

Mr. Brennan told the banker's lawyer, Outbridge Horsey, that agents for Mr. Stillman who sought to corrupt witnesses were J. Albert LaRonde and Francis LaLoe, and added that there were others who were guilty.

Eleven witnesses named in the affidavit, would, Mr. Brennan stated, swear that agents for Mr. Stillman sought to bribe them "with considerable sums of money" then and falsely swear they witnessed misconduct by Buvelas and Mrs. Stillman.

The affidavit renewed charges that Mr. Stillman was guilty of misconduct with three women, Florence H. Leeds, and two identified only as "Helen" and "Clara."

The meeting of the Ad club will not be for members of that organization alone, but for other business executives interested in the use of advertising as an effective business device. Invitations were mailed last evening to all members of the Rotary club, Kiwanis, Merchants and Manufacturers' association, Realty Board, the Business and Professional Women's club and the Century club.

The speaker at the luncheon to be tendered in his honor at the Hotel Adams Friday noon. Anyone interested in the subject of advertising should be accompanied by "Phoning L. A. Weiss, chairman of the Mackintosh reception committee, at 4032."

Remaining Work Of Conference In Two Classes

(Continued from Page 1)
ment on that subject now understood to be contemplated by Japan, may be accepted as sufficient.

When the four-power Pacific treaty is to be signed by the representative of the United States, Great Britain, Japan and France, still is not known. It is the impression among some delegates, however, that the formal signature may be delayed until the naval problem is settled and that President Harding will not send it to congress until after the conference is over.

Over-Sunday consideration of the new treaty by senators developed indications that both republican and democratic leaders will stand united for its approval. Senator Underwood, Democratic leader, is one of the Americans who will sign the treaty plenipotentiary, and his advocacy of ratification will be seconded on the Democratic side by Senator Hitchcock, senior Democratic member of the foreign relations committee.

While the naval ratio and Pacific fortification questions may be decided, other details of the general naval problem are coming into prominence. First among them to be given due consideration probably this week, are the proportionate strength to be fixed for France and Italy, and the questions of a modification in the naval holiday plan and in the suggested submarine tonnage as fixed in the American reduction proposal.

Hitchcock Finds No Objection To Four Power Pact

(Republican A. P. Leased Wire)
WASHINGTON, Dec. 11.—Further assurance of bi-partisan senate support for the four-power Pacific treaty came tonight with announcement by Senator Hitchcock of Nebraska, ranking Democratic member of the foreign relations committee, that he intended to vote for its ratification.

"I see no reason for opposition," he said. "There does not seem to be any serious objection on any reason for great rejoicing over it."

He said that the treaty was similar in some respects to the league of nations covenant.

"The treaty is very mild and is good enough a way to get rid of the Anglo-Japanese alliance."

This announcement followed others by Democratic leaders that they would give the treaty their support. With the Republican leadership already on record for the treaty, hopes of its ratification were increased to-day.

Senator Borah of Idaho, Republican opponent of the league, continued his silence on the treaty.

Walsburg Editor Says Martial Law Is Economic Blow

DENVER, Colo., Dec. 11.—Martial law in Huerfano county, where miners of the Colorado Fuel and Iron company are on strike, was declared today as an impediment to the welfare and progress of the county by J. P. Cross, editor of the Walsburg Independent, in an address before the open forum of Grace Community church.

The presence of state rangers has been a severe blow to Walsburg, he declared. "Before the entrance of the rangers to the city, times were prosperous. Now it will take five years to recover."

Editor Cross was recently ordered to submit to censorship of his publication in Walsburg, under the military rule.

MAN WHO PREPARED 4-MINUTE SPEECHES TO BE HERE FRIDAY

While Charles Henry Mackintosh, president of the Associated Advertising Clubs of the World, who will speak in Phoenix on December 16, will appear this year before all the advertising clubs in the United States and Canada and will address many thousands of business men, nearly every reader of this paper has heard him speak before by proxy.

During the days of war stress, when you heard a "four-minute-man" in every moving picture house you entered, the stirring speeches you heard came from the bulletins of the four-minute-men, and Mr. Mackintosh, as the author of the bulletins, spoke every day through the mouths of 75,000 speakers in every nook and cranny of the United States.

When he appears here next Friday under the auspices of the Advertising Club of Phoenix he will have a special message for business men, and his advertising is a great modern force in business and that it is worth while to try to improve its appeal.

A recent writer of a magazine article concerning President Mackintosh said that if he had a slogan, it would be: "I would like to be a first class, tuned watch spring whose life is for a year, than forty tons of iron ore."

According to members of the Advertising Club of Phoenix, Mackintosh expresses in a few words an interesting phase of the character of this advertising man. He is a man whose belief relative to self-improvement through education; and accounts for his tremendous interest in helping to establish the Associated Advertising Clubs an educational program which promises to be one of the biggest factors toward business improvement that has ever been inaugurated.

Members of the local organization, in describing the speaker, have commented upon the fact that few men, at his age, have been able to accomplish anything like as much as he. There is no secret, however, as to how he has done so much in such a short time. He learned long ago that a man's accomplishment does not depend so much upon the number of years he is on a job as upon the intensity with which he cultivates his time.

The meeting of the Ad club will not be for members of that organization alone, but for other business executives interested in the use of advertising as an effective business device. Invitations were mailed last evening to all members of the Rotary club, Kiwanis, Merchants and Manufacturers' association, Realty Board, the Business and Professional Women's club and the Century club.

The speaker at the luncheon to be tendered in his honor at the Hotel Adams Friday noon. Anyone interested in the subject of advertising should be accompanied by "Phoning L. A. Weiss, chairman of the Mackintosh reception committee, at 4032."

"HELP IS THROUGH WHITER" IS CRY OF WEAR EAST PEOPLE

"Help the Near East relief through this winter" is the cry going to the entire civilized world. It is being re-echoed by the southwestern office of the organization in Phoenix, Ariz.

If the Near East people can be kept alive for this one year," states C. F. Willis, director for Arizona and New Mexico, "by the time another harvest is reaped they will be able to help themselves."

The Near East relief, through the generosity of America, has done a noble work. It has saved the lives of approximately 1,000,000 people who have been saved.

The organization has operated 63 hospitals, 13 clinics, 11 rest homes and 223 orphanages accommodating 54,600 children, besides supporting 54,000 other children outside of the orphanages.

Conditions in the Near East since the armistice have been appalling. Human beings here and there are dying of misery and children are dying of starvation by the hundreds of thousands.

It was to relieve this misery that the Near East relief work was started, and from the outset Americans have met these appeals with full generosity. The mission has done its share. As in all similar relief work, the people have given generously.

The Near East relief has been able to continue their support for one more year, and the children now in the orphanages may be fed and roomed and clothed here and there, and the wandering streets, hungry and homeless.

Any contribution, however small, will be welcomed at the headquarters, 20 Central building, Phoenix.

BAPTIST REVIVAL MEETING TO CLOSE

The revival meeting which has been conducted by the pastor, Sam P. Gott, at the Calvary Baptist church for the past two weeks will come to a close tonight at 11 o'clock. The meeting has been a success and a number have made confessions.

Subjects for the services today will be at 11 o'clock, "Patience, committing an unfinished task to his son," and at 7:30 p. m., "Our family inheritance." Sunday school will be promptly at 9:45; B. Y. P. U. at 6:30 p. m. The midweek prayer service will be Wednesday at 7:30 p. m. All who are cordially invited to these meetings.

Lime, which is a small kind of lemon, is regarded as a valuable medicinal fruit.

Co-operation Of Parents With School Needed To Raise Educational Standards

By Mrs. J. L. B. Alexander, President, High School Parent-Teachers Association of Phoenix.

How can parents co-operate with school authorities in raising educational standards? Is a question full of import which every earnest parent desires a comprehensive answer.

Many of us are anxious to be of service but in just what way or what is the best service we can render seems to be a problem.

As president of the Phoenix Union High School Parent-Teachers association, the writer has been asked by the high school authorities to express her views on this subject for publication during Educational week.

Had the question been propounded to her prior to assuming the leadership of the association, she would have been qualified to answer from her experience with one home's problems of one girl student who had reached the third year in high school, but a year's acquaintance with anxious parents would have been a different matter.

When it is realized that the organized parent interest of the 1500 student enrollment in the high school is represented by only one or two or three students in high school, boys as well as girls, has brought the conviction that parents' problems are numerous as there are students in the high school, she is wholly unqualified to more than scratch the surface of the question.

Who of us has not at some time felt the inspiration to do our level best, and the stimulus of the understanding interest and confidence of some friend that we will do our best, and how have we responded to the friend's wise counsel to help us accomplish that best? Why should we as parents leave to some other person the responsibility of being our child's inspirator? But can we be the best inspirator without a full knowledge of the child's interest, or without the child's confidence in us? What is claiming the attention and interest of our student-child? Are we constantly on the alert to know what the child is doing, and are we worthy of his thoughts? And if worthy, are we then helping him to reach his best? Are we really helping him? If it is an interest outside of his school, do we help him decide whether it is worth while, or whether it is a waste of time, energy and thought from his studies? If it is a school interest, are we leading him, if we are able, to bring to the attention of the school, or if it is a subject neglected in our education, are we letting him open a closed door for us, thus establishing a common interest?

the Phoenix branch of the company. Mr. Frick, who has been here three years, will close the branch the first of the year and return to the San Francisco office of the company about January 15.

Mr. Frick explained the change in the following letter:

Dear Sir: We would call your attention to a somewhat premature announcement which appeared in the Sunday edition of your paper, namely that C. F. Webster, in response to a query as to whether a service man is a resident as contemplated by the divorce laws.

The mere fact of a soldier being stationed within the state does not of itself make him a resident of the state. The question in response to a query as to whether a service man is a resident as contemplated by the divorce laws.

That a soldier may voluntarily change his legal residence after enlistment, as evidenced by the purchase of a home, the acquiring of other property interests, marrying a citizen of this state, the soldier being under age and the parents moving to this state, etc., are all factors which may be of such a character as to leave in the mind of the court no doubt that the soldier is an actual bona fide citizen and a resident of this state.

It is to be noted that one of jurisdiction to be decided by the court where the soldier applies for divorce; and a judgment or decree in such action is binding and beyond the control of the military or the executive, and may be avoided only by appeal or direct attack by the defendant in the case.

We are of the opinion, however, that a soldier may voluntarily change his legal residence after enlistment, as evidenced by the purchase of a home, the acquiring of other property interests, marrying a citizen of this state, the soldier being under age and the parents moving to this state, etc., are all factors which may be of such a character as to leave in the mind of the court no doubt that the soldier is an actual bona fide citizen and a resident of this state.

It is to be noted that one of jurisdiction to be decided by the court where the soldier applies for divorce; and a judgment or decree in such action is binding and beyond the control of the military or the executive, and may be avoided only by appeal or direct attack by the defendant in the case.

ONE PARDON AND 6 PAROLES GRANTED BY PRISON BOARD

After considering 125 applications during its meeting last Friday and Saturday the state board of pardon and paroles granted but one pardon. Because of a recent decision of the board to withhold names of those pardoned or paroled in order that the public might not react upon the released prisoner, the identity of the pardoned man was not revealed. He is described as an old man who has lived up to all the requirements of a parole during the past two years.

In addition to the pardon six paroles were granted by the board. Twelve were released from the penitentiary after having served their minimum sentences, one sentence was commuted, two paroles were revoked and two Mexicans were deported from the country.

Paroles were granted only to first offenders. All six of them were young men who had shown good records up until the date of their commitment of the crime for which they were convicted. These who were released after serving minimum sentences had exceptionally high records at the penal institution.

"Many pitiful cases are brought to the attention of the board every month," J. O. Sexton, secretary of the board, said. "It is the figures that only the very exceptional cases of genuine merit are given any consideration for pardon."

The recommendations of the board will not become effective until after the governor has acted upon them.

Last Lincoln Pall Bearer Passes Away

SAN FRANCISCO, Dec. 11.—Charles B. Hart, said to have been the last surviving member of the group which served as pall-bearers for President Lincoln, died here tonight. He was a veteran of the Union army in the Civil war and a personal friend of the martyred president. For some years he had made his home here.
